Washington, Oct. 23.-Sir Julian Paun perote, British ambassador, called at the state department today for the purpose net day Sir Julian and the secretary net day Sir Julian and the secretary bad only ten minutes conference. The This precaution is to prevent flooding perusal of the secretary. Send the postal to Potsum Cer terests in the disputed boundary ter-ricory, information which Secretary Ol-ndy has all along sought from the Brit-man will not hesitate to expend a penny If this troublesome phase of the boundary dispute can be utilisted satisfactorily there is little doubt. In view of the statement given out by the bilish foreign office after Sir Julian's recent conference with Lord Salisbury and Mr. Chamberlain to the effect that Sir Julian "has returned to Washington with certain instructions and negotiations will be reopened immediately on his arrival, but it is too early to say whether or not the proposal of the Brit-ish government are likely to be ac-cepted," that the main question in dispute can be speedily settled.

It can be stated positively that no were suspended at that date.

Mr. Olney's final proposal on June 23 was, so far as Venezuela was concerned, it should be embraced in a treaty of bridtration separate from the general treaty of arbitration. He insisted, how-ever, that Veuezuelan arbitration was a with flowers, where a service will be pre-requisite to any general arbitration and that the arbitration should be final and embrace all the territory in dispute settled as well as unsettled, Great Brit-ain being opposed to including the settle1 districts. In view of the statement of the foreign office that the proposals about to be made give hope of a final settlement, it seems likely that Lord Salisbury's answer to Mr. Olney's propositions of June 22 will be favorable or in the line of compromising the differences on details.

The call of Sir Julian on Secretary Olney today was one of courtesy to present his respects after his arrival, and the question of arbitration was not taken up except that arrangements were made for a formal meeting at the earliest moment Mr. Olney might suggest,

For Three Years and Better the Name of Court hus Been Odious Because of Judicial Interference to Put Down Disorde in the City of Chicago, Where They Have Just Got Through Begging Auother Court to Interfere to Furtherance of a Matter Liable to Produce Disorder.

Ohloago, Oct. 23 .- Judge Tuley today refused to issue an injunction restrain-ing Chief of Police Badenoch from interfering with the free silver parade on the night of Saturday, October 31. He held that the court had no jurisdiction in the matter and that the right to allow the parade was vested in the chief of police. When the Democratic county committee applied for permission to have a parade in the down-town streets on that evening, Chief Badenoch refused on the ground that permission had already been granted to the Republicans for that evening. A big row was the result, and after futile attempts at compromise with the Republican leaders the matter was taken into court. Demo-cratic leaders stated in open court today that they will fight the police force or anyone else who attempts to prevent their marching in parade on the night of October 31. Chief Badenoch, on the other hand, declares that it would endanger the peace of the city to have two opposing political factions marching the streets at the same time, and says that Developments are being eagerly await-

ONLY BURTING THEMSELVES Carlisle Calmly Awaits the Boomerang

Movement of Those Rotten Eggs. Cincinnati, Oct. 23.-The insult to the secretary of the United States treasury, Hon. John G. Carlisle, by men of his native state and city, is the leading topic of conversation today. While accounts differ as to the degree of brutality manifested by those in the hall and on the street around the building, there is no dispute as to the bitterness of feeling manifested. Secretary Carlisle was purposely detained in the hall by his friends in the hope that the outside

crowd would disperse, but as soon as Carlisle discovered this he insisted on going out immediately. Then a police escort was provided and by main force a passage to the street was obtained. Vile epithets were then showered at the secretary and one man, John Fagan, threw a lighted cigar stump in his face and stooped as if to pick up a more formidable missile. He was promptly seized by the police, but was discharged no one preferring a charge.

Secretary Carlisle on reaching Mr. Helm's door thanked the chief of police for the protection afforded. There is no doubt that Secretary Carlisle feels by Noah's Croppy.

the outrage at any other point in Ken-Mr. Carlisle speaks here next Wednes day and this morning the following telegram was sent him: "You will have such complete protection against insult and such an ovation when you come to Lou-isville as will forever wipe out the attempt last night to destroy free speech dishoner the fair name of Kentucky and to discredit her foremost citizen."

The telegram is signed by Chairman Davie and Secretary Carroll of the gold standard Democratic state committee and forty of the city's leading men. In addition Mayor Todd sent a telegram of

elmilar import.

Tomorrow afternoon Mr. Carlisle speaks at Bowling Green, and Hon. John S. Rhea, silver candidate for congress will demand a division of time, which will of course be refused. In this event the silver men propose to hold a meet-ing at the door of the opera house where the secretary speaks. This, it is feared, will cause serious trouble, as the gold standard men are determined that the

secretary shall not be insulted again. Palmer Leaves for St. Paul,

lasts me a month, and I would not be without them now it it were my last dollar. At the time of this interview there were present two daughters who specially objected to their mother giving a testimonial which should parade her name in the newspapers, but to this the elder lady argued: "There may be other cases just like mines and I am sure! I take great pleasure in recommending the tabules to any one affected as I was. If the telling about my case in the papers can bles some other person similarly affected to be as greatly benefited as I have been, I see no objection." And the daughters, familiar with her case and knowing how expressly she felt about the benefit she had received from Ripans Tabules, decided that their mother was quite right.
